

Proposal for Resolution Regarding (a) Implementation of the Board Equity Program 2026–2028 and Increase in the Overall Share Limit, (b) a One-Time Issue of Share Awards to Certain Members of the Board of Directors and (c) Issuance of Warrants of Series 2026-B and Approval of Transfer of Warrants of Series 2026-B

Background and Reason

In 2021, Oatly Group AB (publ) (the “**Company**”) adopted an incentive award plan (the “**Oatly Incentive Plan**”) under which the Company may, subject to approval by the shareholders at a general meeting, issue different types of awards, including stock options, restricted stock units and other incentive awards.

Pursuant to the Oatly Incentive Plan, an extraordinary general meeting held on May 6, 2021, resolved to implement an incentive program for members of the board of directors of the Company (the “**Board**”), under which the Company has granted equity-based awards to certain members of the Board (“**Board Program 2021–2026**”).

Equity-based awards are a central part of an attractive and competitive remuneration package to attract, retain and motivate internationally competent members of the Board, and to focus such Board members on delivering exceptional performance which contributes to value creation for all shareholders. Granting equity-based awards to certain members of the Board will increase and strengthen the relevant Board members’ dedication to Oatly’s operations, improve company loyalty and be beneficial to both the shareholders and the Company. Such equity-based awards to Board members are also normal practice in companies listed on the Nasdaq Stock Market.

The maximum number of awards that could be granted under Board Program 2021–2026 have already been granted. Against this background, the Board has put forward this proposal to (a) implement a new Board equity program under the Oatly Incentive Plan (the “**Board Equity Program 2026–2028**”) to enable the Company to grant share awards (the “**Share Awards**”) to certain members of the Board and to increase the “**Overall Share Limit**” under the Oatly Incentive Plan to 143,861,475 Common Shares (as defined in the Oatly Incentive Plan), (b) enable the Company to make a one-time grant of Share Awards to certain members of the Board (the “**2026 Additional Allocation**”) and (c) to issue new warrants, and to approve the transfer of such warrants, to secure delivery and settlement of the Share Awards granted under the Board Equity Program 2026–2028 and the 2026 Additional Allocation.

The intention is to reward Board members in equity instruments, using ordinary shares, 2026-B Warrants (as defined below) or American Depositary Shares (“**ADSs**”) at zero or nominal cost. Equity awards to Board members will not be tied to company performance and will not be in the form of market-priced stock options or warrants.

It is therefore proposed that the annual general meeting resolves to approve (a) the implementation of the Board Equity Program 2026–2028, (b) a one-time grant of equity-based awards under the 2026 Additional Allocation and (c) the issuance of 7,101,000 new warrants of series 2026-B (the “**2026-B Warrants**”) and the transfer of 2026-B Warrants, each in accordance with items (a), (b) and (c) below.

The resolutions under items (a), (b) and (c) are proposed to be passed as separate resolutions and are not conditional upon each other.

For the avoidance of doubt, the terms and conditions of Board Program 2021–2026 shall not be amended or replaced through this proposal, and the current terms and conditions of Board Program 2021–2026 will remain in force in accordance with the resolution passed at the annual general meeting held on May 20, 2025.

Item 17(a) – Proposal Regarding Implementation of the Board Equity Program 2026–2028 and Increase in the Overall Share Limit

It is proposed that the annual general meeting resolves to implement the Board Equity Program 2026–2028 and to increase the “Overall Share Limit” under the Oatly Incentive Plan as follows. The Board Equity Program 2026–2028 is implemented under and pursuant to the Oatly Incentive Plan. Please refer to section *Terms and Conditions of the Oatly Incentive Plan* below.

It is proposed that the Company shall be authorized to grant a total of 300,000 new Share Awards under the Board Equity Program 2026–2028 pursuant to the terms set out below. For the avoidance of doubt, this number excludes any Share Awards that can be granted as part of the 2026 Additional Allocation.

By approving this proposal under item 17(a) and the proposal regarding the 2026 Additional Allocation under item 17(b), and provided that the annual general meeting also resolves to approve the proposal in relation to item 16, the annual general meeting approves that the “Overall Share Limit” in the Oatly Incentive Plan will be increased to 143,861,475 Common Shares (as defined in the Oatly Incentive Plan).

Below is a description of the main terms and conditions for the Share Awards under the Board Equity Program 2026–2028.

- The Share Awards may be granted to the chair of the Board and to directors of the Board who are not employed by the Oatly group, Verlinvest or China Resources (the “**Board Participants**”).
- The chair of the Board may each year be granted a number of Share Awards equivalent to USD 160,000, and each other Board Participant may each year be granted a number of Share Awards equivalent to USD 140,000, based on the fair market value of the relevant instrument(s) in connection with the grant of the Share Award as determined in accordance with the Oatly Incentive Plan, provided however that in no event shall the chair of the Board be awarded more than 19,000 Share Awards per year and each other Board Participant be awarded more than 17,000 Share Awards per year in order to limit the dilution incurred by the Board Equity Program.
- The total number of Share Awards that can be awarded to all Board Participants, including the chair of the Board, under the Board Equity Program 2026–2028 shall in no event exceed 300,000 Share Awards.
- The Share Awards shall be granted free of charge to the Board Participants no later than December 31, 2028.
- The Share Awards shall vest on the date of the next annual general meeting after the date of grant, provided that the relevant Board Participant is still a member of the Board on such date.
- Each vested Share Award entitles the holder to receive, as determined by the Board, either (a) twenty (20) ordinary shares in the Company; (b) twenty (20) 2026-B Warrants; or (c) one (1) ADS in the Company, without any compensation being payable (or at a price equal to the quota value of the Company’s ordinary shares, times twenty), provided that the holder is still a member of the Board at the relevant time of vesting.
- The Share Awards may not be transferred or pledged.
- The number of ordinary shares, 2026-B Warrants or ADSs in the Company that each Share Award entitles to subscription for will be adjusted in the event of a split, reverse split, ADS ratio change etc. in accordance with customary re-calculation terms.

Item 17(b) – Proposal Regarding One-Time Issue of Share Awards to Certain Members of the Board

The Board considers that it is in the best interest of the Company to make a one-time grant of Share Awards to certain members of the Board, as set out in this proposal (the “**2026 Additional Allocation**”). In 2025 the Board was unable to make the intended full grants to relevant members of the Board, as the decrease in the market value of Oatly’s ADSs led to the maximum number of awards approved under the Board Program 2021–2026 being fully utilized. As such, relevant members of the Board received less than their intended grants. The 2026 Additional Allocation intends to compensate relevant members of the Board for such shortfall and to complement the annual Share Awards that may be granted under the Board Equity Program 2026–2028. Together they further align the interests of the relevant members of the Board with those of the shareholders and strengthen such Board members’ long-term commitment to the Company.

The Board therefore proposes that the annual general meeting resolves to approve the 2026 Additional Allocation, pursuant to which relevant members of the Board shall be granted Share Awards as further set out below.

- The Share Awards under the 2026 Additional Allocation may be granted to the chair of the Board during 2025 and to directors of the Board during 2025 who were not employed by the Oatly group, Verinvest or China Resources (the “**Additional Allocation Participants**”).
- Under the 2026 Additional Allocation, the chair of the Board during 2025 may be granted a maximum of 16,050 Share Awards, and each other Additional Allocation Participant may be granted a maximum of 9,750 Share Awards, under the 2026 Additional Allocation. These maximum numbers are proposed to compensate for the shortfall described above.
- The total number of Share Awards awarded to all Additional Allocation Participants under the 2026 Additional Allocation shall in no event exceed 55,050 Share Awards.
- The Share Awards under the 2026 Additional Allocation shall be granted free of charge to the Additional Allocation Participants no later than June 30, 2026.
- The Share Awards under the 2026 Additional Allocation shall vest as soon as practically possible after the grant date, provided that the relevant Additional Allocation Participant is still a member of the Board on such date.
- Each vested Share Award under the 2026 Additional Allocation entitles the holder to receive, as determined by the Board, either (a) twenty (20) ordinary shares in the Company; (b) twenty (20) 2026-B Warrants; or (c) one (1) ADS in the Company, without any compensation being payable (or at a price equal to the quota value of the Company’s ordinary shares, times twenty), provided that the holder is still a member of the Board at the relevant time of vesting.
- The Share Awards under the 2026 Additional Allocation may not be transferred or pledged.
- The number of ordinary shares, 2026-B Warrants or ADSs in the Company that each Share Award under the 2026 Additional Allocation entitles to subscription for will be adjusted in the event of a split, reverse split, ADS ratio change etc. in accordance with customary re-calculation terms.

Item 17(c) – Proposal Regarding New Issuance of 2026-B Warrants and Approval of Transfer of 2026-B Warrants

It is proposed that the Company shall issue not more than 7,101,000 new warrants of series 2026-B (the “**2026-B Warrants**”). The 2026-B Warrants shall be issued and may be used only to secure delivery and settlement of the Share Awards granted under the Board Equity Program 2026–2028 and the 2026 Additional Allocation.

The right to subscribe for 2026-B Warrants shall, with deviation from the shareholders’ preferential rights, only vest with the Company.

The 2026-B Warrants shall be issued without compensation to the Company. Each 2026-B Warrant entitles the holder to subscribe for one (1) ordinary share in the Company (with reservation for any re-calculation).

The 2026-B Warrants may be exercised for subscription of ordinary shares during the period from the date they are registered with the Swedish Companies Registration Office, up to and including December 31, 2030, at an exercise price equal to the quota value of the Company’s ordinary shares.

A detailed proposal for the issue of 2026-B Warrants, including complete terms and conditions for the warrants, is set out in Appendix A.

Dilution

Upon exercise of all 2026-B Warrants issued for subscription of ordinary shares, up to 7,101,000 ordinary shares (with reservation for any re-calculation) may be issued, equivalent to a maximum dilution of approximately 1.1 per cent of the ordinary shares and votes of the Company as of the date of this proposal.

Upon full exercise of 2026-B Warrants for subscription of ordinary shares, the Company’s ordinary share capital will increase with SEK 10,651.50.

The dilution calculations have been based on the maximum number of ordinary shares and votes which may be issued upon exercise of the 2026-B Warrants, divided by the total number of ordinary shares and votes in the Company after such issues.

Transfer

In order to fulfill the commitments arising from the Share Awards granted under the Board Equity Program 2026–2028 and the 2026 Additional Allocation, it is proposed that the annual general meeting authorizes that the Company may assign and/or transfer the 2026-B Warrants to a third party, or in another way dispose of the 2026-B Warrants, in accordance with the above.

Preparation of the Proposal

This proposal has been prepared by the members of the Board that are not eligible to receive any grants under the Board Equity Program 2026–2028 and the 2026 Additional Allocation, together with external advisers.

The Reason for the Deviation from the Shareholders’ Preferential Rights

The reason for the deviation from the shareholders’ preferential rights is to implement equity-based awards to certain members of the Board.

Majority Requirements

Approval of each of the proposals according to Items (a), (b) and (c) under Item 17 requires that the relevant proposal is supported by shareholders representing at least nine tenths of the votes cast and the ordinary shares represented at the annual general meeting.

Authorization

It is further proposed that the Board, or a person appointed by the Board, is authorized to undertake such minor adjustments in the decision that may be required for the registration with the Swedish Companies Registration Office and Euroclear Sweden AB and that the Board shall have the right to undertake minor adjustments to this resolution due to applicable foreign rules and laws.

Terms and Conditions of the Oatly Incentive Plan

The complete terms and conditions of the Oatly Incentive Plan are included in Oatly's Form 20-F for 2025, filed with the United States Securities Exchange Commission on March 13, 2026, available on the following link: <https://investors.oatly.com/node/10036/html>.

3. The subscription for warrants shall take place within three weeks of the date of the resolution to issue the warrants. The Board shall be entitled to extend the subscription period.

5. The exercise price for the warrants shall be equal to the quota value of the Company's ordinary shares.
6. Each 2026-B Warrant entitles the holder to subscribe for one (1) ordinary share in the Company. Upon full exercise of the 2026-B Warrants for subscription of ordinary shares, the Company's share capital will increase with a maximum of SEK 10,651.50.
7. The 2026-B Warrants shall in all other respects be governed by the terms and conditions set forth in Appendix A.1.

It is furthermore proposed that the Board, or a person appointed by the Board, is authorized to undertake such minor adjustments in the resolution that may be required for the registration with the Swedish Companies Registration Office and Euroclear Sweden AB.

§ 8 Recalculation of Subscription Price, etc.

In the following situations, the following shall apply with respect to the rights which shall vest in Holders.

Recalculation according to the provisions in this section 8 shall under no circumstances cause the Subscription Price to be less than the quotient value of the Company's Shares.

A. Bonus Issue

In the event the Company carries out a bonus issue, where Subscription is made in such time that it cannot be effected by no later than three weeks prior to the general meeting at which a bonus issue resolution is to be adopted, Subscription may be effected only after such a general meeting has adopted a resolution thereon. Shares which vest as a consequence of Subscription effected following the bonus issue resolution shall be the subject of interim registration on a Central Securities Depository Account, and accordingly shall not be entitled to participate in the bonus issue. Final registration on a Central Securities Depository Account shall take place only after the record date for the bonus issue.

In the event the Company is not a Central Securities Depository Company at the time a new issue resolution is adopted by the general meeting, Shares which vest as a consequence of Subscription effected through the new Shares being entered in the Company's share register as interim shares on the date of the general meeting's resolution, shall be entitled to participate in the new issue.

In the case of Subscription which is effected following a bonus issue resolution, a recalculated Subscription Price shall be applied, as well as a recalculation of the number of Shares to which each Warrant provides an entitlement to Subscribe.

The recalculations shall be made by the Company based on the following formulae:

$$\begin{array}{l} \text{recalculated} \\ \text{Subscription Price} \end{array} = \frac{\text{previous Subscription Price x number of Shares} \\ \text{prior to the bonus issue}}{\text{number of Shares after the bonus issue}}$$

$$\begin{array}{l} \text{recalculated number of} \\ \text{Shares to which each} \\ \text{Warrant provides an} \\ \text{entitlement to subscribe} \end{array} = \frac{\text{previous number of Shares to which each Warrant provides an} \\ \text{entitlement to subscribe x the number of Shares after the bonus} \\ \text{issue}}{\text{number of Shares prior to the bonus issue}}$$

A recalculated Subscription Price and recalculated number of Shares in accordance with the provisions above shall be determined as soon as possible after the general meeting has adopted a bonus issue resolution but, where applicable, shall be applied only after the record date for the bonus issue.

B. Reverse Share Split or Share Split

In the case of a reverse share split or share split of the Company's existing Shares, the provisions in subsection A shall apply mutatis mutandis whereupon, where appropriate, the record date shall be deemed to be the day on which a reverse share split or share split takes place at Euroclear, upon request by the Company.

C. New Issue of Shares

In the case of a new issue with pre-emption rights for the shareholders to subscribe for new Shares in exchange for cash payment or payment by way of set-off, the following shall apply with respect to the right to participate in the new issue by virtue of Shares which have vested as a consequence of Subscription through the exercise of Warrants:

1. Where a new issue resolution is adopted by the Company's board of directors subject to approval by the general meeting or pursuant to authorisation granted by the general meeting, the resolution, and where applicable, the notification to the shareholders in accordance with Chapter 13 Section 12 of the Companies Act, shall state the date by which Subscription must be effected in order that Shares which vest as a consequence of Subscription shall carry an entitlement to participate in the new issue.
2. Where the general meeting adopts a new issue resolution, in the event an application for Subscription is made at such a time that the Subscription cannot be effected no later than three weeks prior to the general meeting which adopts the new issue resolution, Subscription shall only be effected after the Company has carried out recalculations. Shares which vest as a consequence of such Subscription shall be the subject of interim registration on a Central Securities Depository Account, and consequently shall not be entitled to participate in the new issue. Final registration on a Central Securities Depository Account shall take place only after the record date for the issue.

In the event of Subscription which is effected at such time that a right to participate in the new issue does not vest, a recalculated Subscription Price shall be applied, as well as a recalculation of the number of Shares to which each Warrant provides an entitlement to Subscribe.

The recalculations shall be made by the Company based on the following formulae:

$$\text{recalculated Subscription Price} = \frac{\text{previous Subscription Price x the Share's average listed price during the subscription period established in the new issue resolution (the Share's average price)}}{\text{the Share's average price increased by the theoretical value of the subscription right calculated on the basis thereof}}$$

$$\text{recalculated number of Shares to which each Warrant provides an entitlement to subscribe} = \frac{\text{previous number Shares to which each Warrant provides an entitlement to subscribe x (the Share's average price increased by the theoretical value of the subscription right calculated on the basis thereof)}}{\text{the Share's average price}}$$

The Share's average price shall be deemed to correspond to the average of the calculated mean values, for each trading day during the Subscription Period, of the highest and lowest transaction prices listed during the day in accordance with the official quotations on the Marketplace. In the event no transaction price is quoted, the bid price which is quoted as the closing price shall instead be included in the calculation. Days on which neither a transaction price nor a bid price is quoted shall not be included in the calculation.

The theoretical value of the subscription right shall be calculated in accordance with the following formula:

$$\text{value of the subscription right} = \frac{\text{the maximum number of new Shares which may be issued pursuant to the new issue resolution x (the Share's average price less the subscription price for the new Share)}}{\text{the number of Shares prior to adoption of the new issue resolution}}$$

In the event a negative value is thereupon obtained, the theoretical value of the subscription right shall be set at zero.

The recalculated Subscription Price and the recalculated number of Shares provided by each Warrant shall be determined by the Company two Banking Days after the expiry of the subscription period and shall be applied to Subscription for Shares effected thereafter.

In the event the Company's Shares are not listed or traded on a Marketplace, a recalculated Subscription Price and recalculated number of Shares shall be determined in accordance with this subsection C. In lieu of the provisions regarding the Share's average price, the value of the Share shall thereupon be determined by an independent valuer appointed by the Company.

During the period pending determination of a recalculated Subscription Price and recalculated number of Shares to which each Warrant provides an entitlement to subscribe, Subscription for Shares shall be effected only on a preliminary basis, whereupon the number of Shares to which each Warrant provides an entitlement to subscribe prior to the recalculation shall be registered on an interim basis on a Central Securities Depository Account. In addition, it is specifically noted that, following recalculations, each Warrant may carry an entitlement to additional Shares pursuant to section 3 above. Final registration on the Central Securities Depository Account shall take place after the recalculations have been determined. In the event the Company is not a Central Securities Depository Company, Subscription shall be effected through the new Shares being entered in the share register as interim shares. After the recalculations have been determined, the new Shares shall be entered in the share register as shares.

D. Issue of Convertible Debentures or Warrants

In the event of an issue of convertible debentures or warrants with pre-emption rights for the shareholders and in exchange for cash payment or payment by way of set-off or, with respect to warrants, without payment, the provisions of subsection C, first paragraph, subparagraphs 1 and 2 regarding the right to participate in a new issue by virtue of Shares which vest through Subscription shall apply mutatis mutandis.

In the event of Subscription for Shares which is exercised at such a time that Subscription is effected after adoption of the issue resolution, a recalculated Subscription Price and recalculated number of Shares provided by each Warrant shall be applied.

The recalculation shall be made by the Company in accordance with the following formulae:

$$\text{recalculated Subscription Price} = \frac{\text{previous Subscription Price x the Share's average listed price during the subscription period established in the resolution regarding the issue (the Share's average price)}}{\text{the Share's average price increased by the value of the subscription right}}$$

$$\text{recalculated number of Shares to which each Warrant provides an entitlement to subscribe} = \frac{\text{previous number of Shares to which each Warrant provides an entitlement to subscribe x (the Share's average price increased by the value of the subscription right)}}{\text{the Share's average price}}$$

The Share's average price shall be calculated in accordance with subsection C above.

The value of the subscription right shall be deemed to correspond to the calculated value with adjustments for the new share issue and the market value calculated in accordance with subsection C above.

The recalculated Subscription Price and the recalculated number of Shares provided by each Warrant shall be determined by the Company two Banking Days after the expiry of the subscription period and shall be applied to Subscription for Shares effected thereafter.

In the event the Company's Shares are not listed or traded on a Marketplace, a recalculated Subscription Price and recalculated number of Shares shall be determined in accordance with this subsection D. In lieu of the provisions regarding the Share's average price, the value of the Share shall thereupon be determined by an independent valuer appointed by the Company.

In the event of Subscription for Shares which is effected before the recalculated Subscription Price and the recalculated number of Shares provided by each Warrant have been determined, the provisions of subsection C last paragraph above shall be applied.

E. Offer to the Shareholders in Circumstances Other Than Those Set Forth in Subsections A-D

In the event the Company, in circumstances other than those set forth in subsections A-D above, extends an offer to the shareholders to acquire securities or rights of any kind from the Company, in the event of Subscription which is demanded at such time that the Shares thereby received do not carry an entitlement to participate in the offer, a recalculated Subscription Price and recalculated number of Shares to which each Warrant provides an entitlement to subscribe shall be applied. The aforesaid shall also apply where the Company resolves, in accordance with the aforementioned principles, to distribute securities or rights to the shareholders without consideration.

The recalculations shall be carried out by the Company in accordance with the following formulae:

$$\text{recalculated Subscription Price} = \frac{\text{previous Subscription Price} \times \text{the Share's average listed price during the application period established in the offer (the Share's average price)}}{\text{the Share's average price increased by the value of the right to participate in the offer (the purchase right value)}}$$

$$\text{recalculated number of Shares to which each Warrant provides an entitlement to subscribe} = \frac{\text{previous number of Shares to which each Warrant provides an entitlement to subscribe} \times (\text{the Share's average price increased by the purchase right value})}{\text{the Share's average price}}$$

The Share's average price shall be calculated in accordance with subsection C above.

In the event the shareholders have received purchase rights and trading has taken place in such rights, the value of the right to participate in the offer shall be deemed to correspond to the purchase right value. The purchase right value shall, as far as possible, be determined on basis of the changed market value of the Company's Shares which can be deemed have occurred due to the offer.

In the event the shareholders have not received purchase rights, or trading in purchase rights has otherwise not taken place, the recalculation of the Subscription Price shall take place applying, as far as possible, the principles stated above. The purchase right value shall, as far as possible, be determined on basis of the changed market value of the Company's Shares which can be deemed have occurred due to the offer.

The recalculated Subscription Price shall be determined by the Company as soon as possible after expiry of the offer period and applied in conjunction with Subscriptions effected after the recalculated price has been determined.

In the event the Company's Shares are not listed or traded on a Marketplace, a recalculated Subscription Price and recalculated number of Shares shall be determined. In lieu of the provisions regarding the Share's average price, the value of the Share shall thereupon be determined by an independent valuer appointed by the Company.

In the event of Subscription for Shares which is effected before the recalculated Subscription Price and the recalculated number of Shares provided by each Warrant have been determined, the provisions of subsection C last paragraph above shall be applied.

F. New Issue or Issue of Convertible Debentures or Warrants

In the event of a new share issue or issue of convertible debentures or warrants with pre-emption rights for the shareholders, in exchange for cash payment or payment by way of set-off or, with respect to warrants, without payment, the Company may decide to grant all Holders the same pre-emption rights as vest in the shareholders pursuant to the resolution. Notwithstanding that Subscription for Shares pursuant to Warrants has not been effected, each Holder shall thereupon be deemed to be the owner of the number of Shares which the Holder would have received had Subscription for Shares been effected at the Subscription Price and the number of Shares to which each Warrant provided an entitlement to subscribe, as applicable on the date on which the resolution regarding the offer was adopted.

In the event the Company resolves to extend to the shareholders such an offer as referred to in subsection E above, the provisions of the preceding paragraph shall apply mutatis mutandis. The number of Shares which Holders shall be deemed to own shall thereupon be determined based on the Subscription Price and the number of Shares to which each Warrant provided an entitlement to subscribe, as applicable on the date on which the resolution regarding the offer was adopted.

In the event the Company decides to grant the Holders pre-emption rights in accordance with the provisions of this subsection F, no recalculation of the Subscription Price shall take place pursuant to subsections C, D or E.

G. Cash Dividend to the Shareholders

In the event of a cash dividend to the shareholders, entailing that the shareholders receive dividends which, together with other dividends paid out during same financial year, exceed 30 per cent of the existing Share's average price during a period of 25 trading days immediately prior to the day on which the board of directors of the Company publishes its intention to submit a proposal to the general meeting regarding such dividend, in the event Subscription is demanded at such time that the Shares thereby received do not carry an entitlement to receive such dividend, a recalculated Subscription Price and a recalculated number of Shares to which each Warrant provides an entitlement to subscribe shall be applied. The recalculation shall be based on the part of the total dividend which exceeds 30 per cent of the Share's average price during the aforementioned period (extraordinary dividend).

The recalculation shall be carried out by the Company in accordance with the following formulae:

$$\text{recalculated Subscription Price} = \frac{\text{previous Subscription Price} \times \text{the Share's average listed price during a period of 25 trading days calculated commencing the day on which the Share was listed without the right to participate in the extraordinary repayment (the Share's average price)}}{\text{the Share's average price increased by the extraordinary dividend paid out per Share}}$$

$$\text{recalculated number of Shares to which each Warrant provides an entitlement to subscribe} = \frac{\text{previous number of Shares to which each Warrant provides an entitlement to Subscribe} \times (\text{the Share's average price increased by extraordinary amount repaid per Share})}{\text{the Share's average price}}$$

The Share's average price shall be calculated in accordance with subsection C above.

The recalculated Subscription Price and the recalculated number of Shares provided by each Warrant shall be determined by the Company two Banking Days after the expiry of the above-stated period of 25 trading days and shall be applied to Subscription effected thereafter.

In the event of the Company's Shares are not listed or traded on a Marketplace, and a resolution is adopted regarding a cash dividend to the shareholders entailing that the shareholders receive a dividend which, together with other dividends paid out during the same financial year, exceeds 30 per cent of the Company's value, in conjunction with applications for Subscription which take place at such time that the Shares thereby received do not carry an entitlement to receive such dividend, a recalculated Subscription Price and a recalculated number of Shares shall be applied in accordance with this subsection G. The Company's value per share shall thereupon replace the Share's average price in the formula. The Company's value per share shall be determined by an independent valuer appointed by the Company. The recalculation shall thus be based on the the part of the aggregate dividend exceeding 30 per cent of the Company's value referred to above (extraordinary dividend).

In conjunction with Subscription which is effected during the period pending determination of a recalculated Subscription Price and recalculated number of Shares to which each Warrant provides an entitlement to Subscribe, the provisions of subsection C, final paragraph above shall apply mutatis mutandis.

H. Reduction in the Share Capital with Repayment to the Shareholders

In the event of a reduction in the share capital with repayment to the shareholders, a recalculated Subscription Price and a recalculated number of Shares provided by each Warrant shall be applied.

The recalculation shall be carried out by the Company in accordance with the following formulae:

$$\text{recalculated Subscription Price} = \frac{\text{previous Subscription Price} \times \text{the Share's average listed price during a period of 25 trading days calculated commencing the day on which the Shares were listed without the right to participate in the repayment (the Share's average price)}}{\text{the Share's average price increase by the amount repaid per Share}}$$

$$\text{recalculated number of Shares to which each Warrant provides an entitlement to subscribe} = \frac{\text{previous number of Shares to which each Warrant provides an entitlement to Subscribe} \times (\text{the Share's average price increase by the amount repaid per Share})}{\text{the Share's average price}}$$

The Share's average price shall be calculated in accordance with subsection C above.

In making a recalculation pursuant to the above where the reduction takes place through redemption of Shares, instead of using the actual amount which is repaid per Share a calculated repayment amount shall be used as follows:

$$\text{calculated repayment amount per Share} = \frac{\text{the actual amount repaid per redeemed Share less the Share's market value during a period of 25 trading days immediately preceding the day on which the Shares do not carry an entitlement to participate in the reduction (the Share's average price)}}{\text{the number of Shares in the Company which form the basis of redemption of a Share less 1}}$$

The Share's average price shall be calculated in accordance with subsection C above.

The recalculated Subscription Price and the recalculated number of Shares provided by each Warrant shall be determined by the Company two Banking Days after the expiry of the stated period of 25 trading days and shall be applied to Subscriptions effected thereafter.

In conjunction with Subscriptions which are effected during the period pending determination of a recalculated Subscription Price and recalculated number of Shares to which each Warrant provides an entitlement to Subscribe, the provisions of subsection C, final paragraph above, shall apply mutatis mutandis.

In the event the Company's Shares are not listed or traded on a Marketplace, a recalculated Subscription Price and recalculated number of Shares shall be determined. In lieu of the provisions regarding the Share's average price, the value of the Shares shall thereupon be determined by an independent valuer appointed by the Company.

In the event of the Company's share capital is to be reduced through redemption of Shares with repayment to the shareholders and such reduction is not mandatory, or where the Company is to carry out a buyback of its Shares - without a reduction in the share capital being involved - but where, in the Company's opinion, in light of the technical structure and economic effects thereof the measure is comparable to a mandatory reduction, a recalculation of the Subscription Price and number of Shares to which each Warrant provides an entitlement to Subscribe shall be carried out applying, as far as possible, the principles stated above.

I. Appropriate Recalculation

In the event of the Company carries out any measure as referred to in subsections A-E, G, H or M and where, in the Company's board's opinion, in light of the technical structure of the measure or for any other reason, application of the prescribed recalculation formulae cannot take place or results in the financial compensation received by the Holders being unreasonable compared with the shareholders, the board of directors shall carry out the recalculation of the Subscription Price and the number of Shares provided by each Warrant in such manner as the board deems appropriate in order to obtain a reasonable result.

J. Rounding Off

In the determination of a recalculated Subscription Price, the Subscription Price shall be rounded off to two decimals.

K. Liquidation

In the event of liquidation pursuant to Chapter 25 of the Companies Act, no further Subscription may be effected. The aforesaid shall apply irrespective of the reasons for the liquidation and irrespective of whether or not the order that the Company be placed into liquidation has become final.

Simultaneously with the notice convening the general meeting and prior to the general meeting is to consider the issue of whether the Company is to be placed into voluntary liquidation pursuant to Chapter 25, section 1 of the Companies Act, the Holders shall be given notice thereof by the Company in accordance with section 9 below. The notice shall inform the Holders that Subscription may not be effected after the general meeting has adopted a resolution regarding liquidation.

In the event the Company gives notice that it is considering entering into voluntary liquidation, notwithstanding the provisions of section 3 regarding the earliest date for demanding Subscription, the Holders shall be entitled to apply for Subscription for Shares through exercise of Warrants commencing the day on which notice is given. However, the aforesaid shall apply only where Subscription can be effected not later than the tenth calendar day prior to the general meeting at which the issue of the Company's liquidation is to be addressed.

L. Merger

In the event the general meeting approves a merger plan pursuant to Chapter 23, section 15 of the Companies Act whereby the Company is to be merged in another company, Subscription may thereafter not be demanded.

Not later than two months prior the general meeting which is to consider the issue of approving the above merger, the Holders shall be given notice thereof in accordance with section 9 below. The notice shall contain information about the merger plan and information that Subscription may not be effected after the general meeting has adopted a resolution regarding the merger in accordance with the paragraph above.

In the event the Company gives notice of a proposed merger in accordance with the above, Holders shall be entitled to apply for Subscription commencing the date on which notice of the proposed merger was given, provided that Subscription can be effected not later than three weeks prior to the date of the general meeting at which the merger plan whereby the Company is to be merged in another company is to be approved.

The following shall apply if the Company's board of directors prepares a merger plan pursuant to Chapter 23, section 28 of the Companies Act, whereby the Company is to be merged in another company.

In the event a Swedish parent company owns all of the Shares in the Company, and the Company's board of directors announces its intention to prepare a merger plan pursuant to the statutory provision referred to in the preceding paragraph, in the event the final date for demanding Subscription pursuant to section 3 above falls on a day after such announcement, the Company shall establish a new final date for demanding Subscription (the Expiry Date). The Expiry Date shall be a day within two months of the announcement.

M. Demerger

In the event the general meeting approves a demerger plan pursuant to Chapter 24, section 17 of the Companies Act whereby the Company shall be demerged through part of the Company's assets and liabilities being taken over by one or more limited companies in exchange for consideration to the Company's shareholders, a recalculated Subscription Price and a recalculated number of Shares to which each Warrant provides an entitlement to subscribe shall be applied in accordance with the principles regarding extraordinary dividends as set forth in subsection G above. The recalculation shall be based on the consideration to the Company's shareholders.

In the event all of the Company's assets and liabilities are taken over by one or more limited companies in exchange for consideration to the Company's shareholders, the provisions regarding liquidation as set forth in subsection K above shall apply mutatis mutandis, entailing inter alia that the right to request Subscription shall terminate simultaneously with registration pursuant to Chapter 24, section 27 of the Companies Act and that Holders must be given notice thereof not later than two months prior to the date on which the demerger plan is submitted to the general meeting.

N. Buy-Out of Minority Shareholders

In the event a Swedish parent company, on its own or together with a subsidiary, owns more than 90 per cent of the Shares in the Company, and where the parent company announces its intention to commence a buy-out procedure, the provisions of the final paragraph of subsection L regarding the Expiry Date shall apply mutatis mutandis.

If the announcement has been made in accordance with the provisions above in this subsection, Holders shall be entitled to demand Subscription until the Expiry Date. The Company must give notice to the Holders in accordance with § 9 below, not later than five weeks prior to the Expiry Date, informing them of this right and the fact that they may not demand Subscription after the Expiry Date.

If the majority shareholder, pursuant to Chapter 22, section 6 of the Companies Act, has submitted a request that a buy-out dispute be resolved by arbitrators, the Warrants may not be exercised for Subscription until the buy-out dispute has been settled by an award or decision that has become final. If the period within which Subscription may take place expires prior thereto, or within three months thereafter, a Holder nevertheless has the right to exercise the Warrant within three months after the date on which the ruling became final.

O. Cease or Lapse of Liquidation, Merger or Demerger

Notwithstanding the provisions of subsections K, L, and M that Subscription may not be effected following a resolution regarding liquidation or approval of a merger plan or demerger plan, the right to Subscription shall be reinstated in the event the liquidation ceases or the issue of a merger or demerger lapses.

P. Bankruptcy or Company Reorganisation

In the event of the Company's bankruptcy, Subscription may not take place through exercise of Warrants. Where the bankruptcy order is set aside by a higher court, the entitlement to Subscribe shall be reinstated.

Where a decision is taken that the Company shall be the subject of a company reorganisation order, Subscription may take place through exercise of Warrants. If required, the Company may obtain a written consent by the administrator prior to the Subscription.

Q. Change in Accounting Currency

In the event the Company effects a change in the accounting currency, entailing that the Company's share capital shall be established in a currency other than Swedish crowns, the Subscription Price shall be recalculated in the same currency as the share capital. Such currency recalculation shall take place applying the exchange rate which was used to recalculate the share capital in conjunction with the change in currency.

A recalculated Subscription Price in accordance with the provisions above shall be determined by the Company and shall be applied to Subscriptions effected commencing the day on which the change in the accounting currency takes effect.

R. Equivalent Terms and Conditions for Companies that are not Central Securities Depository Companies

In cases where the provisions concerning recalculation refer to the record date and, at the time of the recalculation, the Company is not a Central Securities Depository Company, a comparable date used in equivalent terms and conditions for companies that are not Central Securities Depository Companies shall apply instead of the record date.

§ 9 Notices

Notices relating to the Warrants must be provided in writing via mail or email to each Holder to an address which is known to the Company.

§ 10 Amendments to the Terms and Conditions

The Company's board of directors shall be entitled, on behalf of the Holders, to amend these terms and conditions to the extent that any legislation, court decision, Euroclear's or public authority decision renders necessary such amendment or where, in the board's opinion, for practical reasons it is otherwise appropriate or necessary to amend the terms and conditions, and the rights of the Holders are thereupon not prejudiced in any respect.

§ 11 Confidentiality

None of the Company, the institution maintaining a Holder's account or Euroclear may disclose information about a Holder to any third party without authorisation. The Company shall be entitled to obtain the following information from Euroclear, where relevant, regarding a Holder's account in the Company's central securities depository register:

1. the Holder's name, personal identification number or other identification number, and postal address;
2. the number of Warrants.

§ 12 Governing Law

These Warrants and legal issues relating thereto shall be governed by Swedish law. Proceedings arising from this agreement shall be brought in the district court where the registered office of the Company is situated or any other forum whose authority is accepted in writing by the Company.
